Our MEDICAL DIRECTORS

Our Medical Director, Dr. Peter Davidson, is a highly skilled physician with years of experience working to keep members as healthy as possible. He works closely with our care management and quality teams. Together with Dr. Sander Koyfman, our Behavioral Health Medical Director, they provide regular education to our care management teams. Dr. Koyfman works with our behavioral health teams and the entire staff on best practices for providing the most effective behavioral health services. Both participate in our regular Intensive Care Management process where all of our clinical leaders work together to develop new and effective solutions for members with difficult to resolve medical or behavioral issues.
